Dear Mr Groom,

RE THAMES GATEWAY BRIDGE INQUIRY

Enclosed is the outline of my evidence about which I intend to speak as an objector and resident of Bexley.

1. Who will obtain the benefits/detrimental effects from the proposed bridge.
2. Concern about pollution and its affects not being acknowledged by the very people who should be making intelligent, informed decisions for the residents.
3. Concern about roads which TFL have acknowledged as an expected increase in traffic area as per LIST OF FIGURES CHAPTER 14 FIGURE 14.2 MAP TITLE FORECAST DIFFERENCE IN TRAFFIC FLOWS WITH TGB 2016 AM PEAK HOUR.

Yours sincerely

I. M. Brown (Mrs)
