

LONDON

Overall, the substantial volume of evidence from local people, which I know has been presented to you, underlines the extent of their concerns about the overall environmental impacts of the bridge and, in particular, the failure to deal with traffic issues on the southern side. I would add my voice in support of those concerns.

Would you also please take this letter as a formal request to be able to speak at the Inquiry at the appropriate point in the objectors' case.

Yours sincerely
