

Deadline for Submission of Outstanding Material to the Thames Gateway Bridge Inquiry

The Thames Gateway Bridge Inquiry is likely to be closed on Wednesday 3rd May 2006. The closing submissions of the Promoters, Transport for London, are scheduled to be heard on that day, and that will be the final item of business.

Closing submissions which remain to be delivered by other parties to the inquiry are to be heard on Tuesday 25th and Wednesday 26th April 2006. Some parties have opted to make closing submissions in writing, and these are required to be with the Programme Officer by noon on Wednesday 26th April 2006.

In the same way, the Inspector has indicated that any outstanding notes and items of information for the inquiry from parties other than the Promoters, must be received by the Programme Officer by noon on Wednesday 26th April 2006.

The Rules governing procedure at the inquiry provide for the Promoters to have the last word at the inquiry. The Inspector has indicated that any written response from the Promoters to material received by the inquiry by noon on 26th April 2006 should be produced to the inquiry by 10am on Wednesday 3rd May 2006.
