Dear Minister

Public Inquiry into the Thames Gateway Bridge

You may be aware of the concern being expressed over imposition of tolls. The Queen's Bridge at Dartford is to raise its tolls, and it is believed that a toll may be imposed on the Blackwall Tunnel. Obviously either or both tolls would have an impact on the tolls to be charged on the Gateway Bridge should it be built. We therefore ask you to reopen the public inquiry as this information was not available at the time of the public inquiry.

Yours faithfully

A handwritten signature in dark ink, appearing to read 'John Mercer', written in a cursive style.
