Kent DA7 4QX.
15th March 2007.

Dear Sir

Re Thames Gateway Bridge.

Having attended the meeting at the
above, I have become increasingly
concerned about the traffic counts
still applying due to the following
changes proposed / passed.

- 1) Blackwall Tunnel - tolls.
Greenwich - congestion charge.
- 2) Rise in Dartford Bridge tolls.
- 3) Cross Rail to Wicken, Kneb Hill.
- 4) The Belvedere Incinerator construction.

Items 1-2-3 were all claimed to
be mitigated for air benefit. If
put in place the mitigation to

larger applies.

Item no 4. Pollution was a huge issue and with 1-2-3 in place as well. This would further pollute an already poor air quality.

I therefore ask for a new set of figures on traffic and the air quality with all the new facts taken into account.

Yours faithfully

H. Joyce

Mrs H. Joyce.
